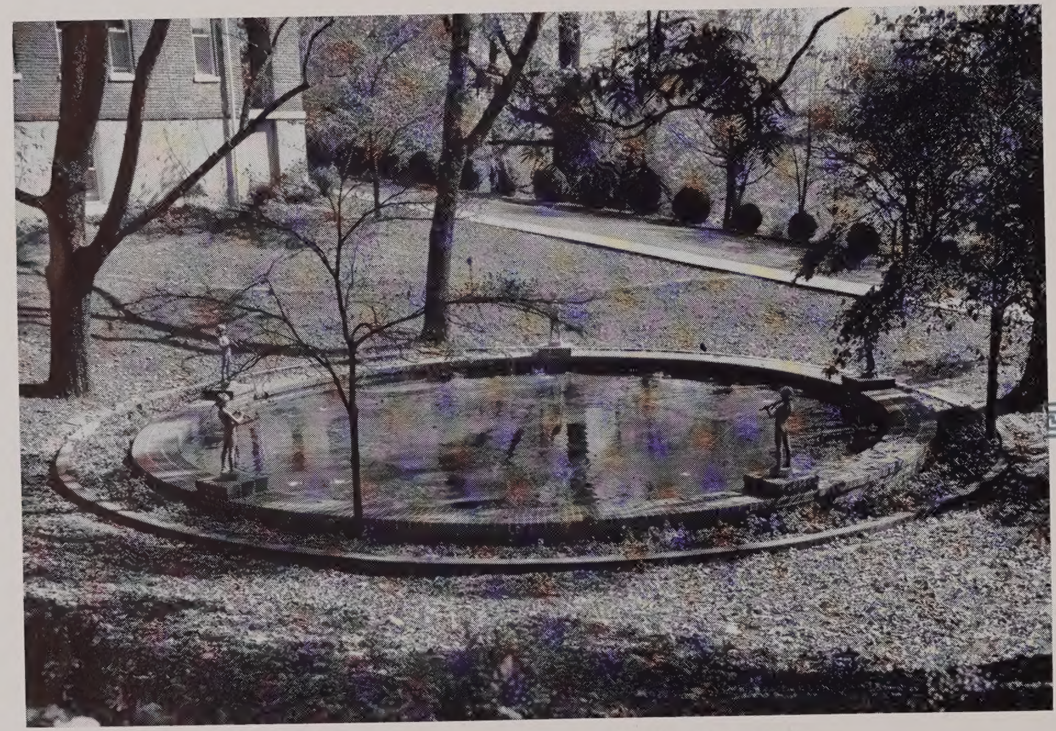
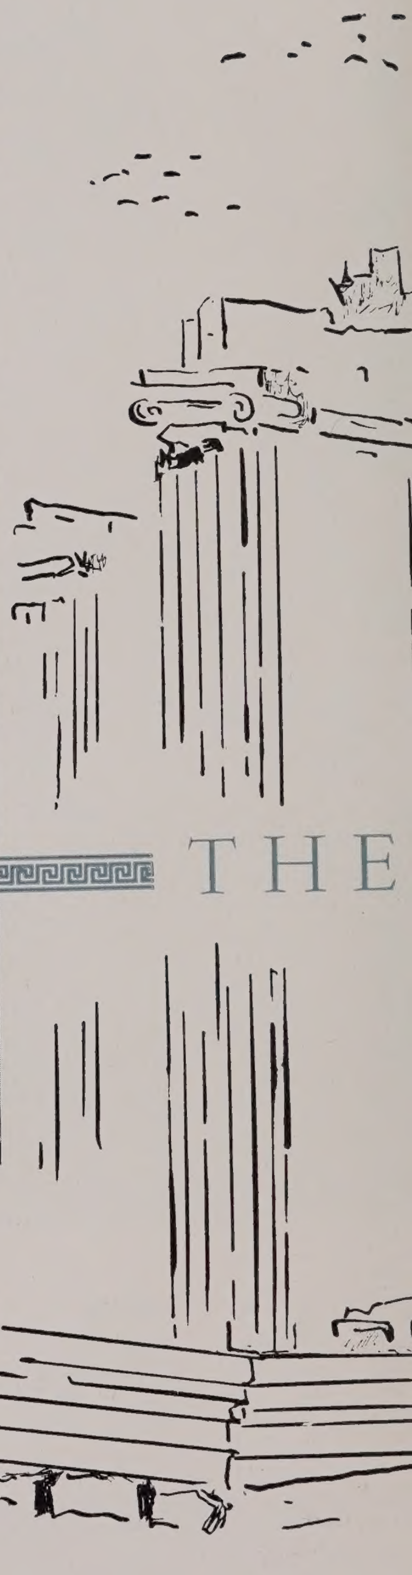
THE SENIOR CLASS OF SULLINS COLLEGE
BRISTOL, VIRGINIA

Baskervill Library in a winter scene.



A new pool adds beauty to the front campus.



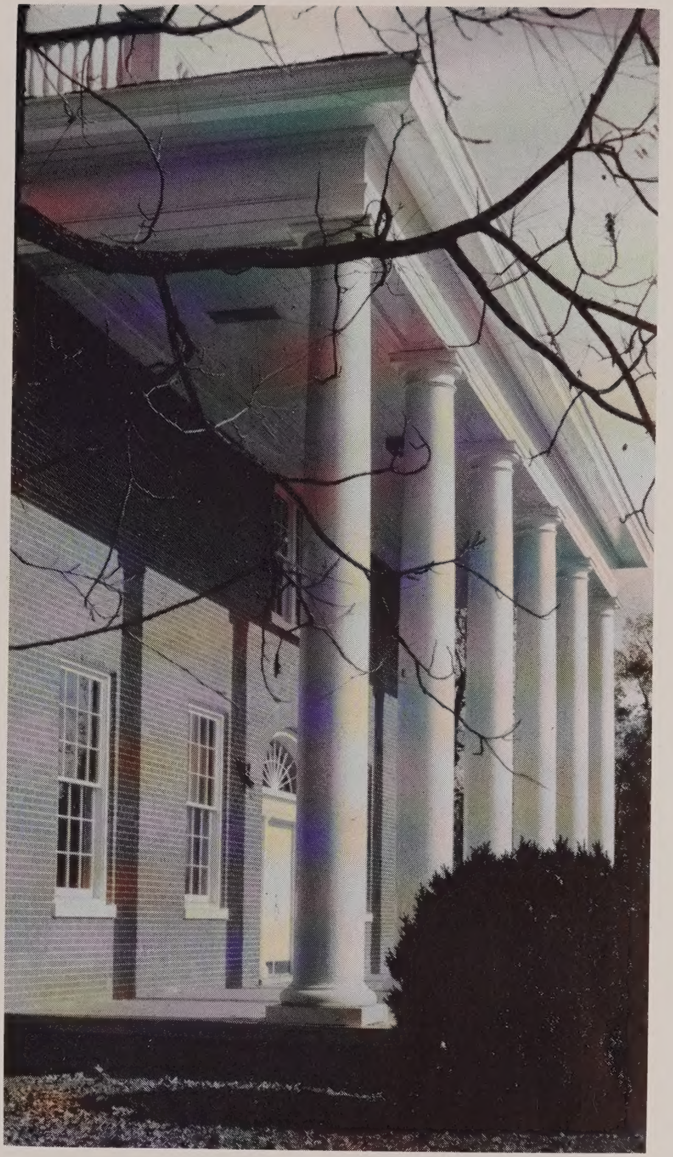
THE

There is no synonym for Sullins — no one word that can express what it means to each of us — for it is as traditional as the columns of the ancient Parthenon and as modern as this spring's daffodils; as old as learning and as young and vibrant as the girls who enter its doors for the first time every fall.

Though there is no synonym for Sullins, there is — in each of us — a warm place for times remembered and things well-loved. To this place we shall return often for strength, for laughs, for comfort. The imprint of Sullins is very dear.

A completed assignment and hot coffee . . . an overdue book . . . note-filled margins . . . a passage from Homer . . . deep discussions and midnight oil . . . an alarm clock and an overflowing ashtray . . . facts and ideas . . . and always the inevitable "Why?" This is Learning; this is familiar.

The soaring laughter and the muted jazz . . . conspiracies and confidences . . . borrowed clothes, double dates, vacation visits, "sussies" . . . and the fiercely-held loyalties and trusts. This is Friendship; this is familiar.



Grecian columns set a thoughtful mood.

PROLOGUE

Twilight tennis in spring . . . upside-down stamps . . . love-knitted Argyles . . . red roses . . . special permissions . . . breakfast at the Hut . . . a speeding sled down front campus. This is Extra; this is familiar.

However deeply etched we find the days now passed to be, we move ahead with eagerness. For as the memory place is dear, Sullins was a stimulating security. This is Sullins; this is familiar.

An upward climb to our front door.

Dedication

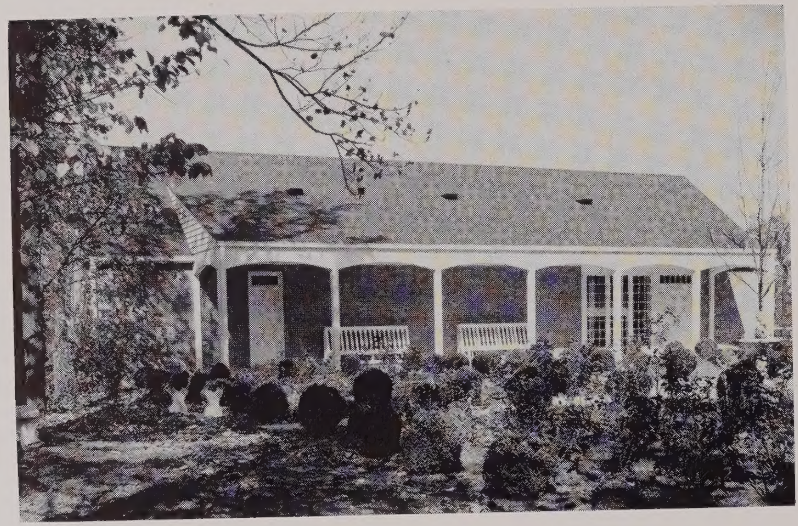
To Dr. and Mrs. Clifford C. Loomis, with
affection and admiration, we, the members of the
Senior Class, dedicate our SAMPLER.

Dr. Loomis will perhaps be best remembered seated at the
chapel organ, recreating the memories and moods
of his audience. A figure of distinction,
he exhibits well the smooth polish of the gentleman
and the deep dedication of the artist.
Our beloved man of music will not be forgotten.

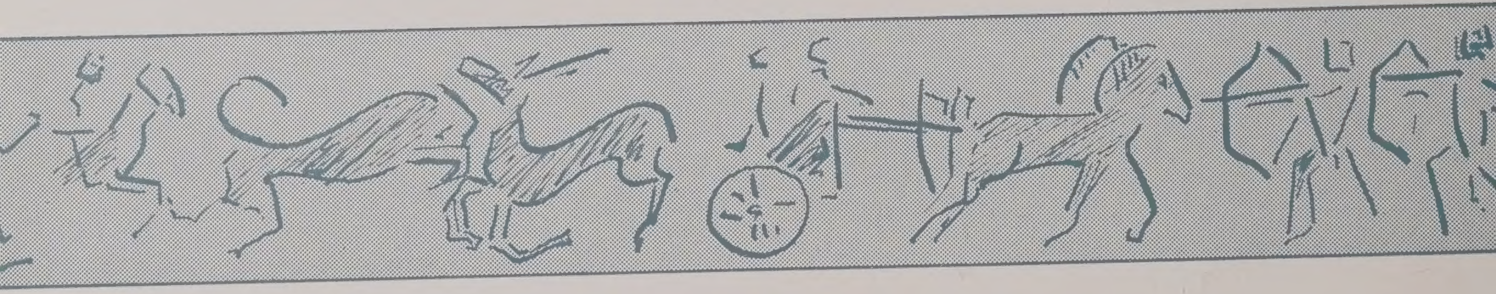
Mrs. Loomis, Chairman of the Science Department,
has been always ready to share eagerly her
knowledge and her time. Her sincere interest in
each student is openly expressed and warmly received.
A lady in every situation, Mrs. Loomis will be
well remembered as teacher, as friend.

Treble clefs and test tubes . . . first-Martin apartment,
softly lighted . . . encouraging smiles and solemn speeches . . .
respect for, remembrance of — Dr. and Mrs. Loomis.

Our famous Hut is rich in memories.



Talent seeks improvement in the Fine Arts Building.



Our President's Home is just down the street.

Caught in the Act!

Let's try a duet.

Moods in reflection.

First there must be . . .

Sullins College is located in Virginia Park, overlooking the city of Bristol, Virginia-Tennessee, with the blue ranges of the Holston Mountains always in view from its front door.

The first microscope lesson.

Social Science — the hobby of all Juniors.

a College . . .

Founded in 1870 by the Reverend David Sullins, the college was affiliated at that time with the Methodist Church, from which it received a strong tradition of Christian ideals. After the old Sullins was burned to the ground in 1915, the college was rebuilt on its present site and was ready for classes again in September of 1917. It then became an independent, non-sectarian junior college.

It's a long trip down.

Filing those "cute little letters!"

Now — from the professional's standpoint . . .

a President

From 1917 to his retirement in 1950, Dr. W. E. Martin was President of Sullins. Both he and Mrs. Martin, who served as Dean of Women, exerted a close, personal influence over the college and the girls who knew and loved them. Their son, Mr. W. T. Martin, has been the able and popular President of Sullins since 1950.

This ought to be a good dinner.

a Curriculum . . .

The college offers three degrees: the Associate in Arts Degree in general liberal arts; the Associate in Fine Arts Degree in music, art, or dance; and the Associate in Applied Science Degree in secretarial science, medical secretarial science, merchandising, and homemaking. The General Diploma is awarded to students who have successfully completed work in a combination of these three fields.

CLASSES

The "big day" isn't far off now.

THE *Senior* CLASS

The final plaster is poured into the mold of our Sullins life as "Hail Sullins College" echoes down the hill. The pattern was established for this mold in September, 1956, as we came to Sullins for the first time. Each day added something new; and finally we were Seniors, getting acquainted with our "little sisters" at the reception held in our new front parlors.

It wasn't long before we felt pretty important as leaders of Rat Week. Trips to VPI meant more to us this year, as did Fall Frolics and the SAMPLER Dance.

Left to right, back: Margo Irizarry, *Vice-President;* Martha Crews, *Secretary.*

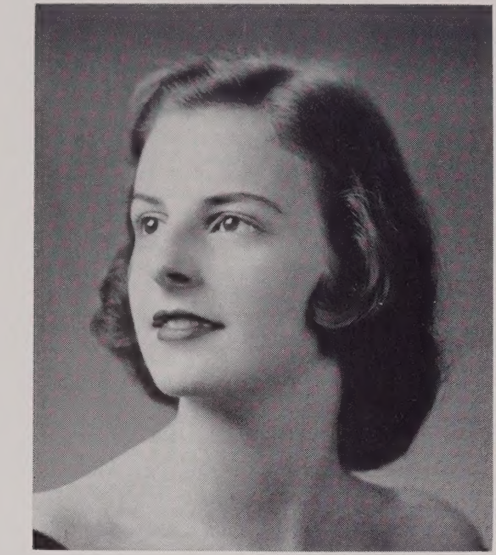
Left to right, front: Nancy Dixon, *Treasurer;* Gale Babcock, *President;* Holly Hooper, *Social Chairman.*

At first graduation seemed a long way off; then at the Junior-Senior Banquet, we realized how close June was. The Choir Concert, carolling in Bristol, and the Christmas party for the underprivileged children brought the Christmas season closer and dearer to our hearts.

After Christmas came exams, and of course the hustle of Mardi Gras week end. Spring vacation offered a reunion with our families and friends, or a trip to Bermuda, Florida, or New York City, which none of us will ever forget.

Then there were the Kentucky Derby, more exams, Senior Week, May Day, the horse show, the wonderful smorgasbord, and of course graduation. We had been released from the mold that had taken two years to develop, two years of working, learning, and wonderful experiences together.

We left our friends to go on to other schools, to enter career fields, or to establish our own homes and families. We shall always remember these two years at Sullins as a wonderful and creative part of our lives. Though apart, we'll look back together saying "Hail Sullins College, To thee all hail."



TEREL ANN NEWELL

A.A.S. Degree RICHMOND, VIRGINIA

Terri, as everyone calls her, seems quiet, sincere, and dependable—and she is, of course. However, we who know her well, find her witty and unpredictable. Although she hails from Massachusetts, she seems to have picked up quite a Virginia drawl. Working as a secretary in Richmond is the plan Terri has for next year. Her activities include Water Ballet, '56-'57; House Council, '56-'57; Secretary of Martin House Council, '56-'57; YWCA; Assistant Editor of the SAMPLER, '57-'58.

Presenting the court
at the Mardi Gras Ball.

THE *Junior* CLASS

On September 15, the doors of Sullins were thrown open to us, the Juniors of 1957, who were experiencing our first year at college.

The first night at Sullins the Seniors welcomed us with typical Sullins friendliness at a Hut Party. This started our year off with a bang, and following close behind was the election of our class officers.

Even the epidemic of Asiatic Flu failed to dampen the Seniors' spirits toward Rat Week, and for three days the Juniors were prepared for any disaster that might strike, including "floods" and "air raids." With the ending of Rat Week, came a new closeness between Juniors and Seniors.

Binnie Pulliam, *Treasurer;* Ann Woods, *Vice-President;* Nan Davidson, *President;* Dottie May, *Social Chairman.* Seated: Carolyn Kelley, *Secretary.*

Highlighting the fall season were our Fall Frolics, the SAMPLER Dance, the New York trip, week ends at the Island, teas and receptions, and trips to such fascinating places as VPI.

Grades and Thanksgiving holidays, followed closely by Christmas vacation, put everyone in a perfect mood for the Christmas Dance and the Junior-Senior Banquet.

Mardi Gras, sponsored by our class, is the social event of the year. The Queen, her court, and the Mardi Gras Ball were perfect (we think!) and well worth the hours we spent in planning for them.

When spring vacation time rolled around, it was home for some of us; but for others, it was Bermuda! The girls who went on this trip will never forget the beautiful Hotel Bermudiana or all the memories of that picturesque coral island.

Before we knew it, graduation was here; and we were saying good-by to the Seniors. Although our Junior year has been a year we will never forget, we are looking forward to our Senior year, with all the experiences it holds for us. We wish the best of luck to the Senior Class of '58, and with this wish goes our desire to fill the places in the hearts of next year's Juniors that they have filled in ours.

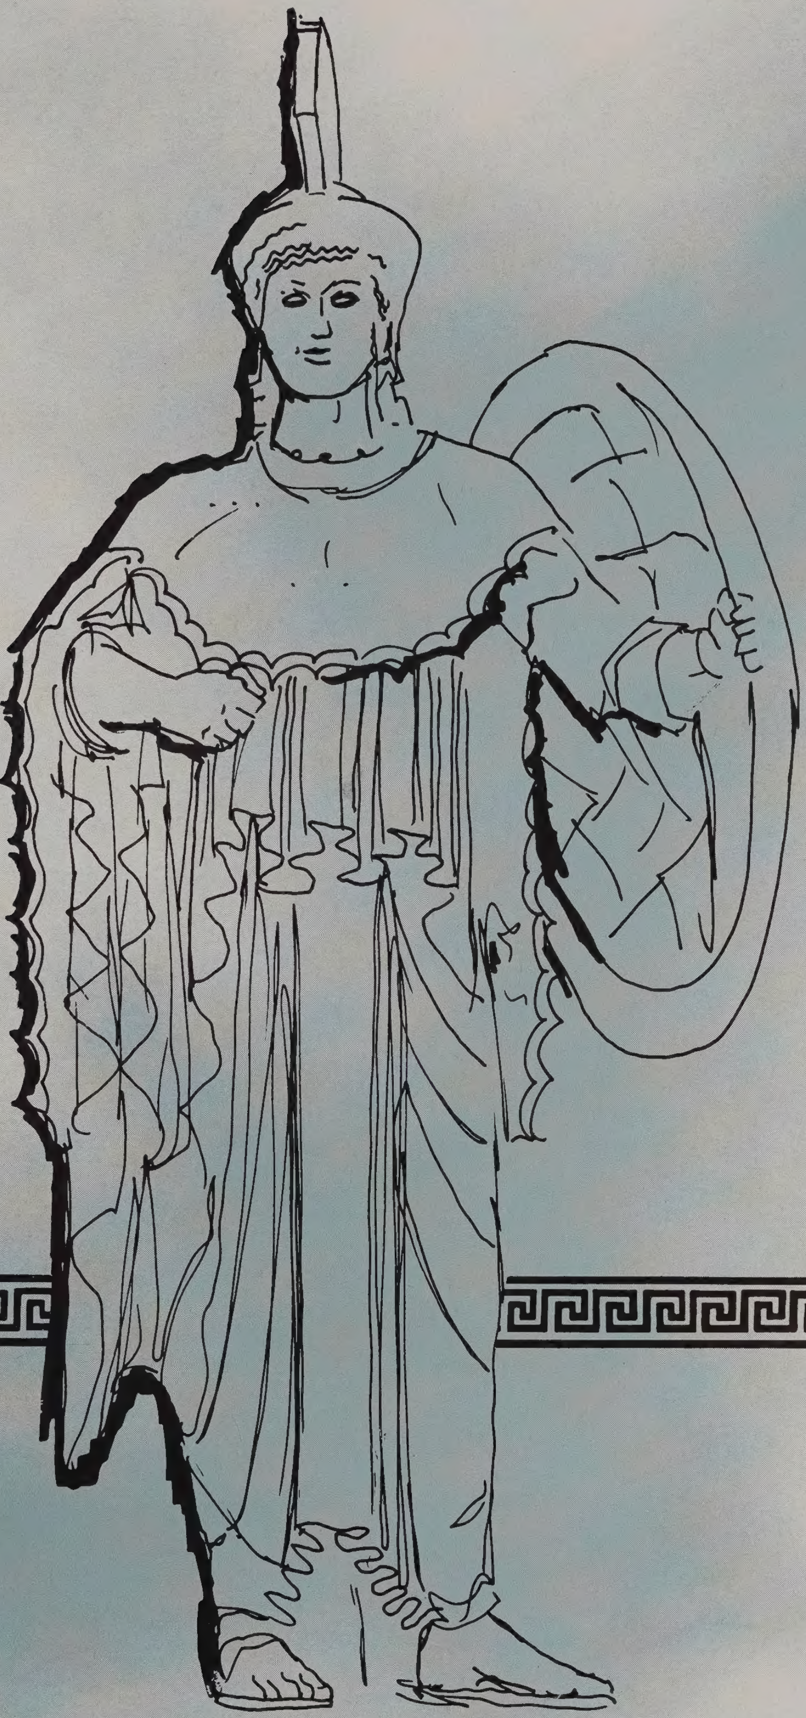
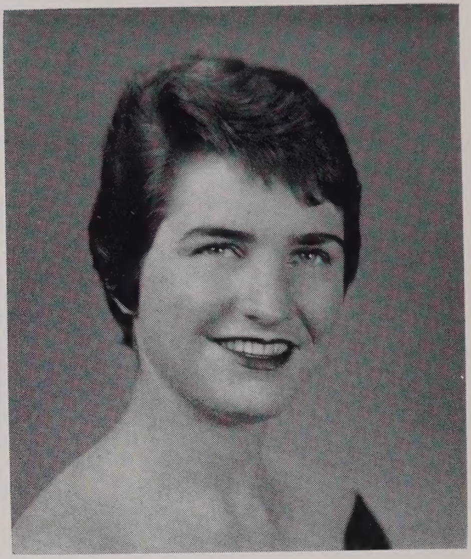
ORGANIZATIONS



Student government at Sullins originates with the Presidents' Council. The Council supervises nominations and elections, and—with the aid of the Faculty Advisory Committee—administers school regulations.



Julianne Daffin

The Presidents' Council

Composed of the presidents of the campus organizations, the Council interprets the wishes and suggestions of all the students.

The Council, solving problems concerning the students and the administration, fosters an atmosphere of good will and fairness by bringing the classes closer together and by acknowledging each student's right to be heard.

OFFICERS: Sandy Rickenbrode, Shirley Jones, Holly Hooper, Julianne Daffin.

Marsha English

Composing the judicial branch of student
government, Judicial Council is a
necessary part of Sullins life.
The Council protects the
rights of students,
yet upholds the
rules of the
Handbook.

The Judicial Council

The President and the Vice-President of the Council are elected by the student body, as are the representatives from each class. Representing the faculty are the members of the Faculty Executive Committee.

Solving both individual and school problems with fairness to all concerned is but one function of the group. Judicial Council strives to foster school spirit and a deep loyalty to the Honor Code.

OFFICERS: Nancy Lou Nance, Marsha English, Gretta Knestrick.

House Councils Keep

Responsible for every phase of dormitory life, the Sullins House Council is organized for the benefit of Holston, Martin, and Reynolds residents. The purpose of the organization is to solve the problems which may be encountered through living and working with others, and to establish harmony in dormitory relations.

Floor representatives to the Council are elected by the class, while the position of Hall Monitor is appointed. The House President presides over each meeting. All activities are sponsored by the residence counselor.

In serving as a co-ordinating unit between the Home Office and the girls, House Council carefully examines all problems reported by floor representatives. The goal of the members is to instill in every girl the desire to be considerate always of the welfare of others.

Residence counselors are Mrs. Rex Stoner, Holston Hall; Mrs. Robert Jenkins, Martin Hall; and Mrs. Nelle D. Parham, Reynolds Hall.

The SAMPLER Literary Staff is hard at work.

Staff Working on '58 SAMPLER

It's hard to believe that the SAMPLER has finally been published. No more deadlines, no more last-minute copy to be rushed through, no more headaches with lost pictures. We can sit back, with a sigh of relief, and say, "Here is your SAMPLER. We hope it gives you as much pleasure reading it as it has given us pleasure and satisfaction producing it."

The SAMPLER is far from being a one-man book and as Editor-in-Chief, I have only been an organizer with a great deal of help and co-operation from all the girls on the staff. They have given their time unselfishly, even when they had other important work to do. This applies especially to Terri Newell, my assistant. I want to say "Thank you" from the very bottom of my heart.

A most frequently overlooked, yet vitally important group is the Advertising Staff, which is financially responsible for the SAMPLER. We are extremely grateful for the generous aid given us by Mr. Blair Preston, of King Printing Company; Mr. Jack Murray, of Roanoke Engraving Company, and Mr. A. A. McClung, our most able photographer.

My sincere thanks go to Miss Helen Walker. She must have an iron constitution to withstand a year full of problems and a lot of extra work. Without her ready help, advice, and suggestions I could never have edited this book.

JUDY JOHNSON

The whole school enjoys the SAMPLER sponsored dance.

YWCA Plays Big Part in Sullins Life

Certainly the largest and one of the most vital organizations on the Sullins campus is the YWCA, sponsored by Miss Bess Ava Guthrie. Ann Willem, as president, has given capable and sincere leadership this year.

The "Y" is responsible for planning and presenting the Sunday evening vesper programs, which provide the spiritual balance needed in the rush of academic life.

Other important projects of the year have been "Religious Emphasis Week," with Dr. J. Arnold Nash, of the University of North Carolina, as guest speaker, and the annual Christmas party for the underprivileged children of Bristol.

One of the highlights of the spring season was "Peanut Week," with surprise gifts and good wishes for everyone.

Groups of "Y" members, co-operating with the Red Cross, have entertained veterans at The Mountain Home, have visited homes for the aged, and worked and played with the children of the Janie Hammitt Home.

A current project of the "Y" is an appeal for contributions for the "Little Chapel," which is to be erected on the campus, facing the rose garden.

The Reflector Staff at Work

Presenting an accurate and interesting picture of campus events, the *Sullins Reflector* is an honor-winning newspaper. From editorials to cartoons, and from feature articles to sports copy, it offers many girls an opportunity to use their talents.

The *Reflector* is a member of both the Columbia Scholastic Press Association and the Associated Collegiate Press. Miss Angie Loyless is the faculty adviser.

This year for the first time, page editors have been made responsible for both content and layout of the various pages, a plan which gives more girls an opportunity to work.

Each spring the *Reflector* sponsors a "Mirror Girl" contest, the purpose of which is to select the student who represents the finest qualities of a Sullins girl.

Sullins Choir is Directed by Mr. Leon Fleming

Producing programs of both classical and contemporary music, the Sullins Choir, under the direction of Mr. Leon B. Fleming, has given numerous performances in Bristol and neighboring cities.

In the fall, the choir of sixty-two voices sang for the district convention of the Virginia Federation of Music Clubs in Bristol. The group also furnished the music for Religious Emphasis Week on the Sullins campus.

The Christmas concert, the first formal one of the year, included familiar and well-loved Christmas carols, as well as selections from English folk songs and French madrigals.

The choir was the colorful chorus of Munchkin Land in the Mardi Gras production, *The Wizard of Oz,* in which the featured soloists were Binnie Pulliam as Dorothy, Barbara Westfall as the Tin Woodman, Jane McClain as the Scarecrow, Marnie Wesch as the Cowardly Lion, and Betsy Kline as Gloria.

Appearances on TV and at Vanderbilt and VPI made the spring tour a success. The group completed its activities by singing at May Day and Commencement.

Music Club Promotes Interest in Concerts

Sponsored by the faculty members of the department, the Music Club promotes an interest in all things musical at Sullins. It encourages attendance at student recitals and fosters interest in concerts in Bristol, Kingsport, and Knoxville, where outstanding artists often perform.

This club was originated in 1954 by Lou Wilfong, who, along with Carol Bray, gave the group the strong leadership needed to make a place for it among campus organizations.

The Ensemble of the Sullins Choir Sings for Vesper Services

Chosen from the membership of the choir, the Sullins Vocal Ensemble sings for the YWCA vesper services and for special occasions, such as the programs given during Religious Emphasis Week.

These girls, as a part of the complete choir, have also performed in Mardi Gras and in all the concerts given by the entire group.

The Ensemble meets three times each week under the direction of Mr. Fleming. At these rehearsals, emphasis is placed on advanced choral technique; and the music studied is chosen from all periods.

Dr. C. C. Loomis is accompanist for the ensemble.

Miss Strickland Directs Sullins Players

Mystery hits its peak in *Nine Girls.*

Early trip to Barter Theatre for *Fourposter* . . . starring Miss Sylvia Strickland . . . new director of the Players . . . organization meeting . . . feared first readings . . . long rehearsals . . . crew's paint-smeared dungarees . . . bruised thumbs . . . nervous laughter . . . mistakes of opening night . . . curtain-call thrills . . . party in Trayer's back room . . . These things comprised Sullins Players' opening months of the 1957-58 season.

Nobody Sleeps was the first one-act presented for a chapel program in October. The successful mystery drama, *Nine Girls,* packed the Little Theatre the last week end in November. Its gripping suspense and timely comic relief resulted in overwhelming acceptance. It was called the Players' best production yet.

After a lull for semester exams, work began on Mardi Gras. Although it was an all-school production, the Players contributed much backstage. Nora Buchanan was the stage manager, and Julie Shumate was Miss Strickland's assistant. Hard work and obstacles to overcome paid off in an exciting production of *The Wizard of Oz.*

With spring came the three one-acts directed by the seniors, entertainment after dinner. *The Curious Savage,* a three-act comedy, brought the season to a close with another successful show.

Players Banquet . . . Award for Best Single Performance . . . Award for Best Supporting Role . . . Award for Technical Achievement.

The curtain down . . . close the house . . . stack the sets . . . another year is done.

Phi Theta Kappa—Honorary Fraternity

Brad Page, *Secretary-Treasurer*; Ann Hassinger, *President*; Joy Thern, *Vice-President*; Mrs. G. P. Fisher, *Sponsor*.

Membership in Phi Theta Kappa is one of the highest academic honors on the Sullins campus.

Our local chapter, Zeta Chi, was organized at Sullins in 1948-49 and is the only Greek letter society on the campus. Mrs. Hallie G. Fisher is sponsor.

Phi Theta Kappa bases its membership on character and scholarship. Academic standards require that members be selected from the upper 10 per cent of the student body.

The symbol of the society is an old-fashioned watch key, which each member in good standing is privileged to wear. At Commencement, Phi Theta Kappa seniors are distinguished by the gold tassels on their caps.

Art Club is Composed of Art Majors

Remember the hours spent here, art students?

The Art Club, sponsored by Mr. Alvin C. Sella, is limited to the top art majors. The Club was organized to give the students a better understanding of conventional and modern art in sculpture, painting, metal work, and architecture, and to offer an opportunity for self-expression.

The annual art exhibit, presented in the browsing room of Baskervill Library, heads the Art Club activity list. Featuring the work of the art majors, it exhibits student art of real merit done throughout the year. This event is enthusiastically attended by students, faculty, and Commencement guests.

Each semester the "Goddesses" of the club initiate several of the promising new art majors. The club room is in the newly decorated art studio.

The Art Club enjoys its exclusive surroundings.

Dance Club Entertains Chicago Ballet Company

Organized primarily for dance majors, the Dance Club extends its functions to satisfy the interests of every student who enjoys expressing herself to rhythm.

Holding a position in Presidents' Council for the first time has strengthened noticeably the enthusiasm and drive of the Dance Club members.

The social highlights of the year were the recitals, the Christmas Party, the annual Dance Club Banquet, and the Dance Tour.

In March the club held an open house for the Chicago Ballet Company after its performance in Bristol. Students, faculty, and members of the Sullins community were invited.

To the members of the club and to its sponsor, Madame Besa Sklarsky, is due a large part of the credit for the success of the Mardi Gras production, *The Wizard of Oz.* It was also their hard work and long hours of practice that made possible the beautiful May Day performance at Commencement.

Science Club Takes Field Trips

Science Club officers inspect "Herman."

Labeling and purchasing unusual trees for the Arboretum has been for several years one of the main activities of the Science Club. This year's members have continued that tradition.

During the second week in January the club sponsored Health Week with posters and "healthful" reminders to students and faculty.

Planning and decorating for the annual Science Club chapel program, with its garden-party setting, soft lights, and mood music, was an interesting project of the spring.

This year the anatomy students in the group worked at the Bristol Memorial Hospital. The Science Club has taken trips to the TVA dams, the Massengill plant, and Oak Ridge.

Sponsored by Mrs. C. C. Loomis and Miss Esther Hilton, the club is honorary, requiring a B average in science for admission to membership.

Club members take advantage of the lab.

Radio Workshop Has Many Projects

Workshop officers experiment with equipment.

Members of the Radio Workshop have an opportunity to become familiar with the equipment and procedures used in producing radio programs. Under the direction of Miss Elizabeth Greene, they gain experience in writing, producing, and announcing.

A project of the club for two years has been the setting up of a Sullins College radio station, which would originate from a small transmitter on the campus, with a signal for the campus only. Operation and programing would be by students, under the direction of Miss Greene. Programs would be planned to appeal especially to Sullins students and faculty members. The club is still working toward this goal.

Second-semester officers not pictured on this page are Linda Cederval, President; Linda Hockensmith, Vice-President; Mary Evelyn Bowman, Secretary; and Helen Wheeler, Treasurer.

Club members try their wits at pantomime.

Villagers' Club Sponsors Dance in March

Shirley, Betty, Nancy, and Sue are capable leaders.

Girls who commute from home to the campus every day have their own club, the Villagers, which was organized to help the town girls keep in closer touch with the activities of the college. Mrs. Raymond A. Bailey is sponsor.

The Villagers' Dance on March 22 was the high point of the club's activities. One of the projects which the girls enjoyed most, however, was buying clothes and toys for a child for the YWCA Christmas party.

Having a representative on the Presidents' Council has helped the Villagers to become an integral part of the Sullins student body.

Villagers' Club members.

Sue Carter gets a new hair-do free.

The seniors among the Villagers are Betty Cole, a music major, Sue Cross and Nancy Rush, business majors, and Ann Hassinger and Nancy Marney, who are studying liberal arts. Sue Carter, a Villager of last year, returned to Sullins after a semester at East Tennessee State.

Though there are only four junior members—Marilyn Ayers, Audrey Kiser, Sue Pfeiffer, and Shirley Slaughter—they are making a good showing both in the club and in the student body as a whole.

Campus Chest Sponsors Drive

The Campus Chest, composed of representatives from each hall, sponsors an annual drive for student donations to such charitable organizations as the Red Cross, the Cancer Fund, the March of Dimes, the World University Service, and the Christian Children's Fund.

The Campus Chest is beneficial to student good will as well as to the organizations to which it contributes. The "Chest" inspires a mood of sharing and of unselfish giving of time and money to relieve the distress of others.

Mrs. C. C. Loomis is adviser to the organization.

Our Successful Cotton Pickers

The familiar strains of "We Are From Sullins" never fail to attract an enthusiastic crowd for a "Picker" performance. By combining tambourines, washboards, shakers, clickers, drums, spoons, ukes, and a wash tub, the "Pickers" act as general morale boosters around the campus, especially after vacations and grades. Their numerous appearances for various civic groups in the Tri-City area proves that they are just as popular off campus as they are here at school.

Literary Society Publishes "Silhouette"

Literary Staff

Business Staff

Mary Rock, president, and Miss Ruth V. Milbrandt, sponsor, have guided the Literary Society through its third year of organization. Although it is Sullins' youngest club, the Literary Society has grown rapidly in membership.

At graduation, the organization publishes the "Sullins Silhouette," a magazine presenting the original essays, poems, and short stories of the students. A board consisting of faculty members and students selects the material for publication. Among the subscribers to the magazine are students, parents, faculty, and alumnae.

The purpose of the club is to foster an interest in creative writing and to give its members a medium through which their writing can be published.

Marlene, Susan, Mary, Louise, and Ruth are busy with plans for their future magazine.

ATHLETICS

Paula Judd, Joan Murray, Polly Elliott, and Nancy Marney lead the AA.

ATHLETIC ASSOCIATION

This year more than ever, all wholesome college programs place emphasis on athletics. At Sullins, the motto is "a sport for every girl." Certainly the Athletic Association this year, under the leadership of Mrs. Heflin and Miss Davis, has put Sullins ahead in many aspects of the sports program.

One of the main functions of the AA is to stimulate interest in sports, both from the standpoint of actual participants and of those who come to watch and cheer.

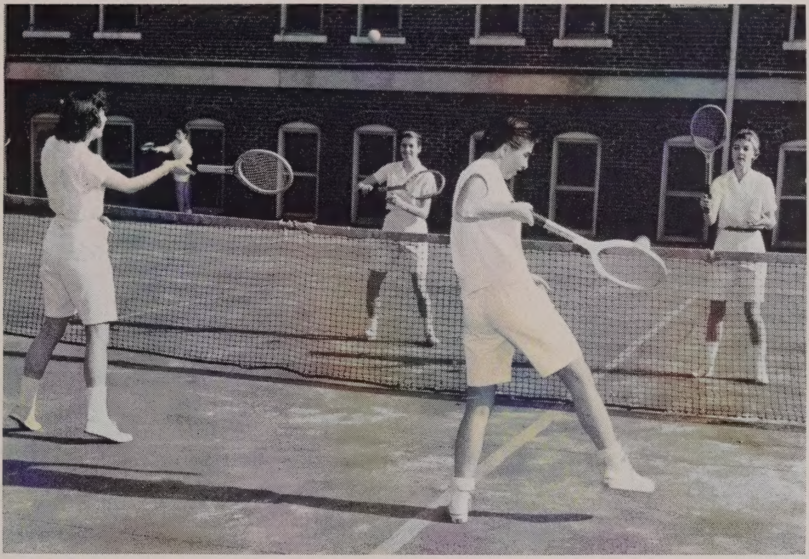
Some of the most popular activities started with the "bang up" Island outing the first week, which included water skiing, swimming, sailing, picnicking, and good fun for all who attended.

The fall athletic emphasis fell on field hockey, ever-growing in popularity. As the season moved on, so did the athletic program, which changed from hockey to basketball and volleyball (with a little ice skating thrown in when the snows fell).

With the coming of spring, the athletic program offered the girls such outdoor sports as swimming, tennis, softball, archery, and golf. The golf classes, especially popular, were held at the Bristol Country Club under the able instruction of professional teachers.

Along with enthusiastic support at all athletic events, the AA contributed a long-needed practical point system. This system establishes two high honors to be awarded to the best all-round athletes, whether the individuals have participated in all varsity sports or not.

The annual Sports Banquet in the spring climaxed a most successful year for the AA and its many loyal supporters, whether they won letter awards or cheered those who did.



Volleying isn't so simple!

VARSITY TENNIS

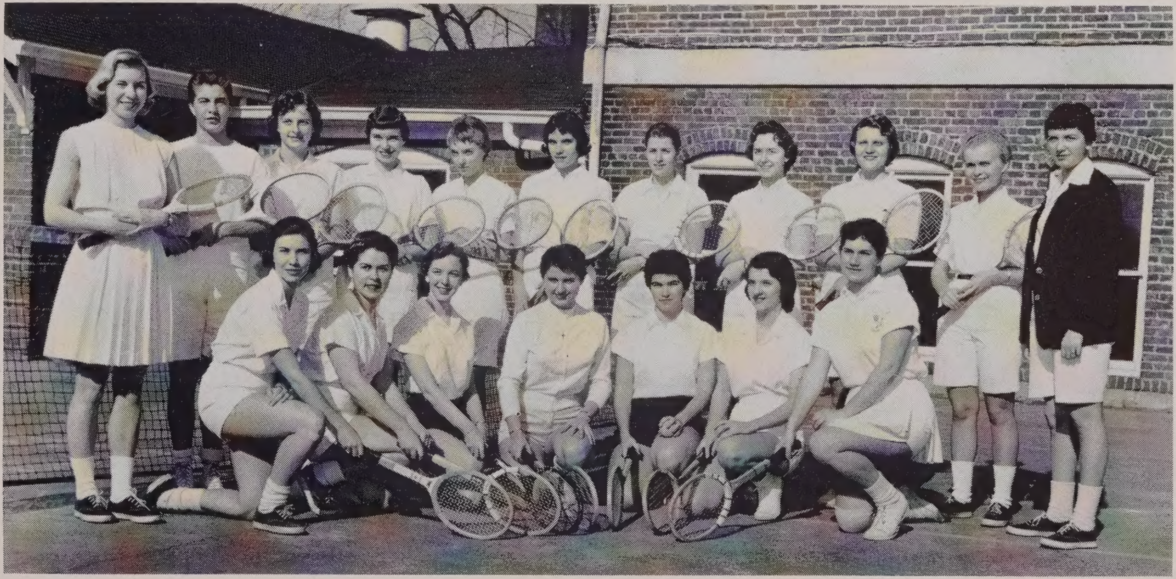
Swing hard, Marney!

With the turning of the grass from unruly brown to sharp green, the girls donned the white and white and moved to the tennis courts.

Every afternoon you could see the courts full, with rackets swinging and tennis balls bouncing. "Over the hill and through the wood" was the cry when the balls sailed high over the fence toward the stable.

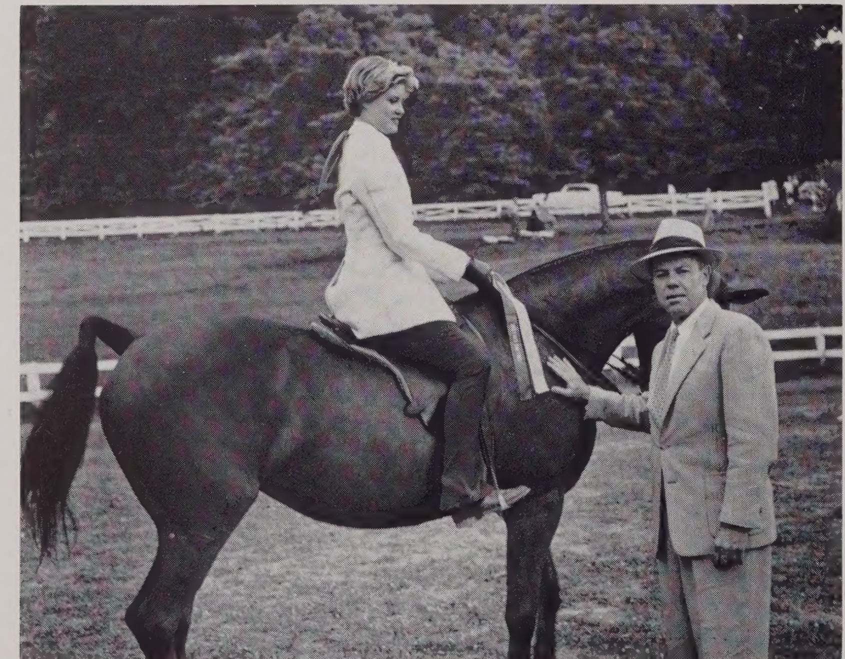
At first there were sore muscles and tired bodies until the days of conditioning were over and the Sullins girls were finally in shape to whip the Davis Cup Team.

As they gained form, they gained in the sportsmanship and skill that go with playing a great game of tennis. So with the girls . . . so with the seasons.



The full tennis varsity team.

HOOFPRINTS CLUB



Peggy takes the honors.

Sullins has the Hoofprints Club to thank for the beautiful new brass chandelier in the front hallway. This contribution is the only one of many projects of the popular and active organization to which all riding students belong.

The Hoofprints Club meets once a month with the president, Lynda Curtis, and the sponsor, Miss Barbara Hatcher, to discuss plans for week ends at the lodge, Sunday afternoon rides, and Sunday morning doughnut sales—a treat for those who miss breakfast!

The club's social calendar has included many parties—a coke party for the new girls in October, a party for the town riding students in November, and a Christmas party in the picturesque clubhouse on the back campus.

Hurdles are no problem for Jody.

Miss Barbara Hatcher, *Sponsor*

The Hoofprints Dance came in January, with three companies from VPI invited. (No wonder it was a succcess!) The banquet was held late in the spring.

Then came the Commencement Horse Show, with blue ribbons and red ribbons, pretty girls and spirited horses—excitement and thrills! It was the climax of the Hoofprints' year.

The Hoofprints leaders take advantage of their pretty lodge.

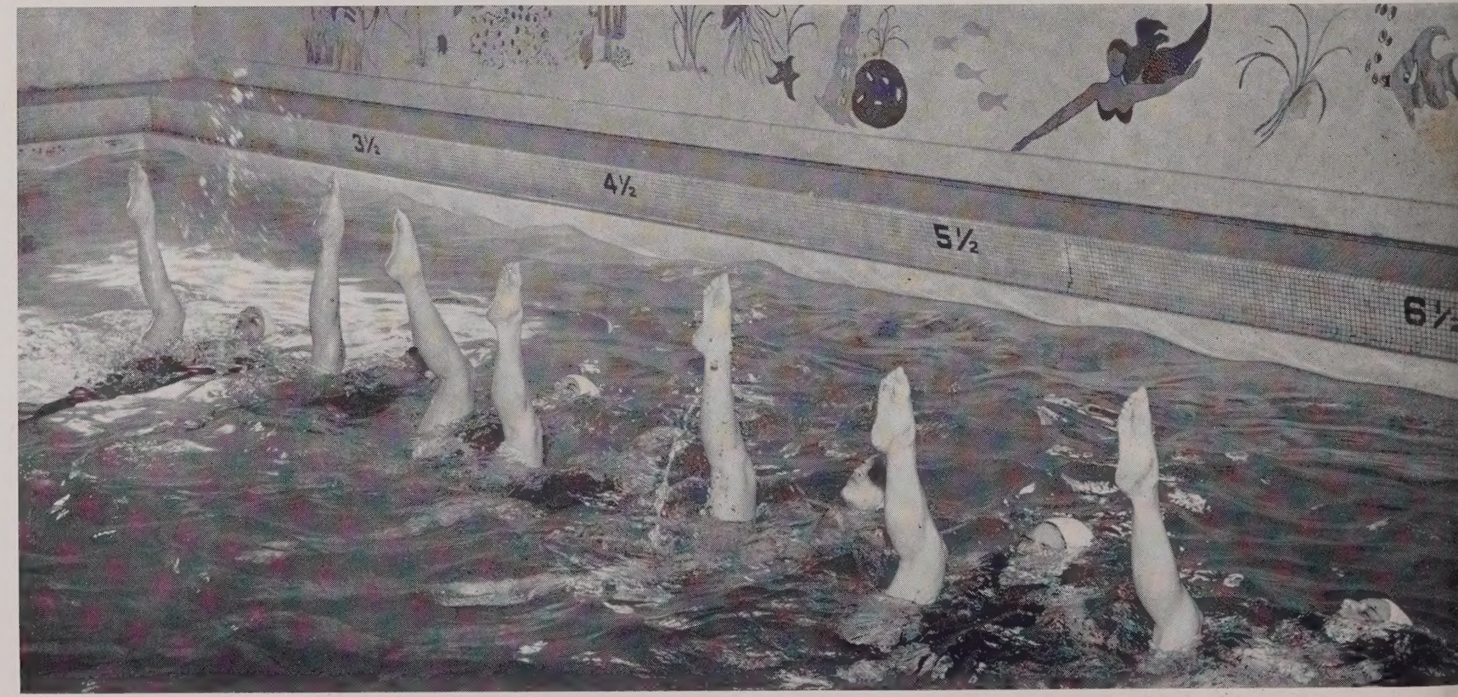
SWIMMING

First attempts to form a "water star."

Perfection plus!

Even though Sullins did not have the water ballet this year, much emphasis was placed on water sports and on life-saving classes. Under the guidance of Miss Helen Davis and Helene Hayward, many girls were able to acquire both their instructor's badges and their life-saving badges.

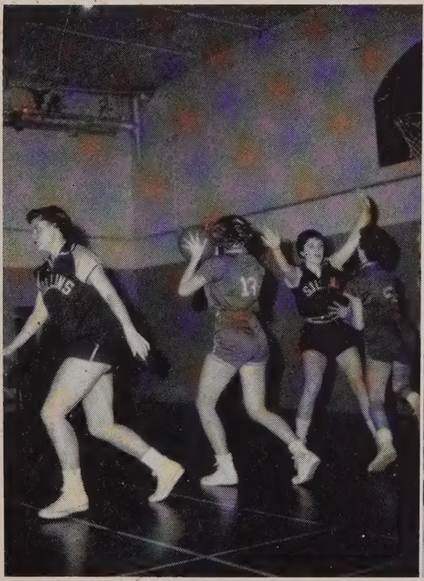
Swimming each night after study hall also proved to be very popular. Swimming, which every girl has the opportunity to enjoy, both in the indoor pool on campus and in the lake at the Island, is truly one of the outstanding sports in school.

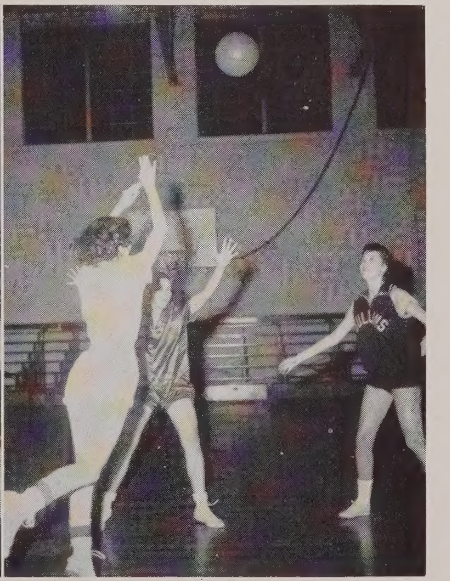


This chorus line takes to water.

Starting early in the fall with tryouts, the girls in Varsity Basketball worked hard for their places on the team. Then, once the team was chosen, it was work, work, and more work until they were in condition for the season.

The first game was with Marion — 59-35 in Sullins' favor. The game with King College was another close and exciting one, with King in the lead 54-49. Lees-McRae and Emory & Henry also offered the Sullins team stiff competition in a season of many hard-fought games but of good sportsmanship and strong team and school loyalty.





BASKETBALL

FIELD HOCKEY

In spite of a monstrous hill and all sorts of fierce natural conditions, the hockey team battled through, to become black and blue, maybe, but none the less victorious.

Although a universal challenge was made, only the bravest school (Marion) challenged, and Sullins' first "away" game became the first victory. The Sullins smoothies tromped Marion 2-1 in a thrilling scrimmage, which was counter challenged in early November. This game, well supported despite a howling wind, proved to be another Sullins triumph, this time 2-0.

ARCHERY

This year the Sullins Suzies have been imitating Robin Hood and his Merry Men — in "Sullins Forest," not Sherwood.

Under the supervision of Miss Helen Davis, the girls have enjoyed archery, a sport which was put back in the sports curriculum after an absenc of several years. A new archery field and excellent new equipment have boosted enthusiasm.

From the ground quiver to the bow, from the bow to the target, these modern archers have learned the importance of form and point of aim.

MARDI GRAS

Created with imagination and laughter, held in the traditions of our college, revived annually with splendor and gaiety — that is our Mardi Gras. An occasion of festivity and happiness, our Mardi Gras will long live in our memories.

Nancy Lou Nance, *Queen*

A beautiful Queen and a darling Princess were chosen; night after night of long, late play rehearsals passed; hours were spent on decorations for a very special Ball and Tea Dance; and plans were formed for the Alumnae Breakfast and chapel program reunion. Suddenly Mardi Gras was upon us . . . too soon it was over.

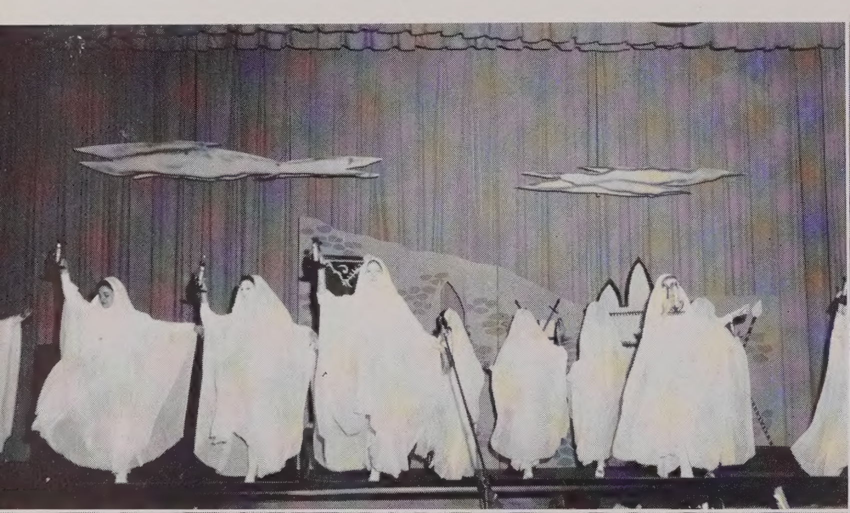
Queen Nancy Lou Nance and Princess Muffet Williams reigned over our Mardi Gras. With true grace and dignity, Queen Nancy Lou formally began the week-end festivities at the production of *The Wizard of Oz*, which successfully set the atmosphere for the weekend.

Binnie Pulliam as Dorothy, Barbara Westfall as a tin woodman, Jane McClain as a scarecrow, Marnie Wesch as a Cowardly Lion, with the aid of the entire cast, captured the hearts of all and, with song and dance, led the play to a successful ending.

MUFFET WILLIAMS, *Princess*

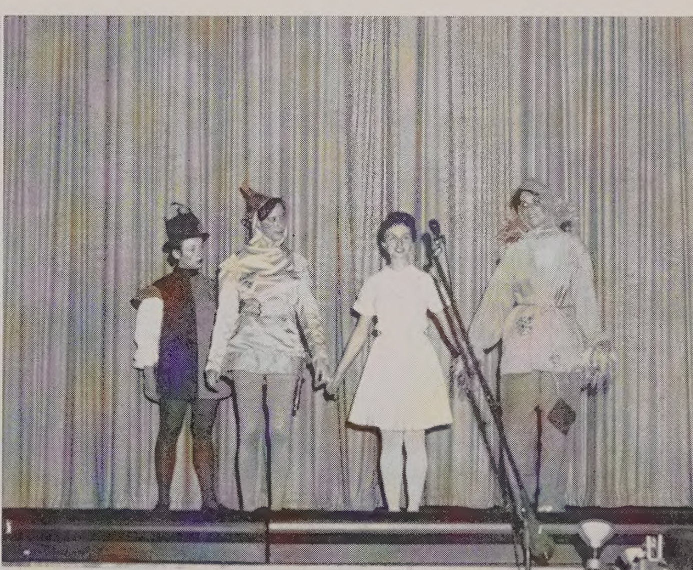
Saturday morning, as the alumnae gathered in the halls, Juniors and Seniors alike listened to tales of the past and felt proud to be a part of *our* Mardi Gras celebration.

And then came the Tea Dance, which further enhanced the gay atmosphere and set the mood for Saturday night's climaxing affair — the traditional Mardi Gras Ball.



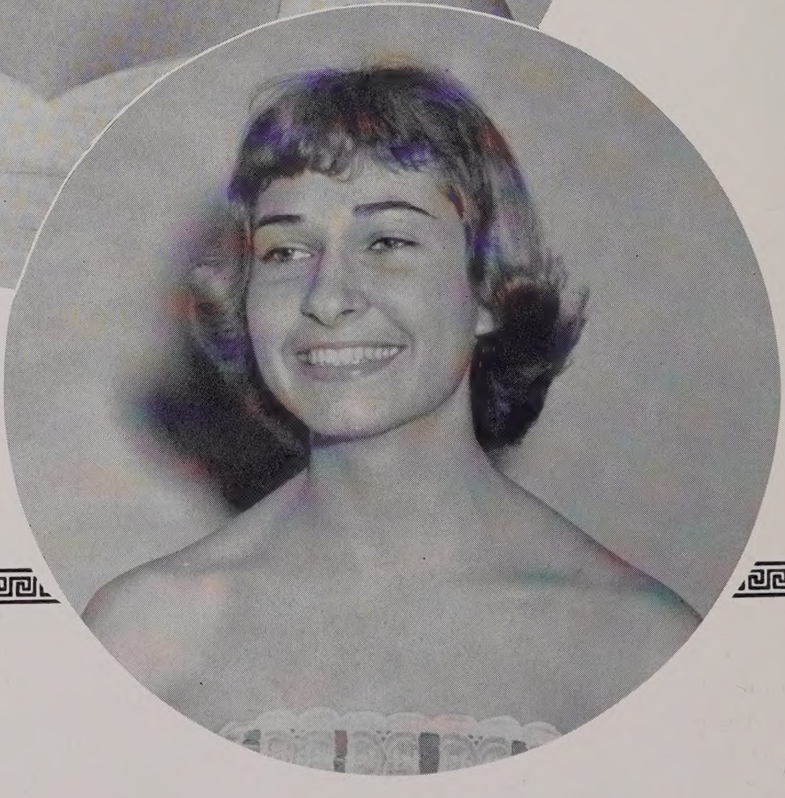
The music of Ray Eberle's band spurred on the dancers while Nancy Lou and Muffet beautifully portrayed a Queen and a Princess. . . . At last, and far too soon, Mardi Gras was past.

Next year a new Senior and Junior class will once again revive the Mardi Gras — a great and wonderful tradition that we will hold and relive in our hearts and memories.



May Day

JUDY ABERG, *Queen*



JOY THERN, *Princess*

With the coming of spring, the Seniors had assembled to choose Judy Aberg as their May Queen and Joy Thern as her Princess, with Dazelle Williams and Ann Hassinger as pages.

May Day dawned bright and clear, and as the time for the festival neared, the parents and spectators flocked to the outdoor Sylvan Theater. The lovely Queen was crowned in a setting of spring beauty further colored by the pastel dresses of the May Court.

The spectators and Royalty looked on as the Dance Department performed in honor of the Queen and the voices of the Sullins Choir carried over the campus.

An art exhibit was open to all visitors the entire day, and on May Day evening the final recital was held.

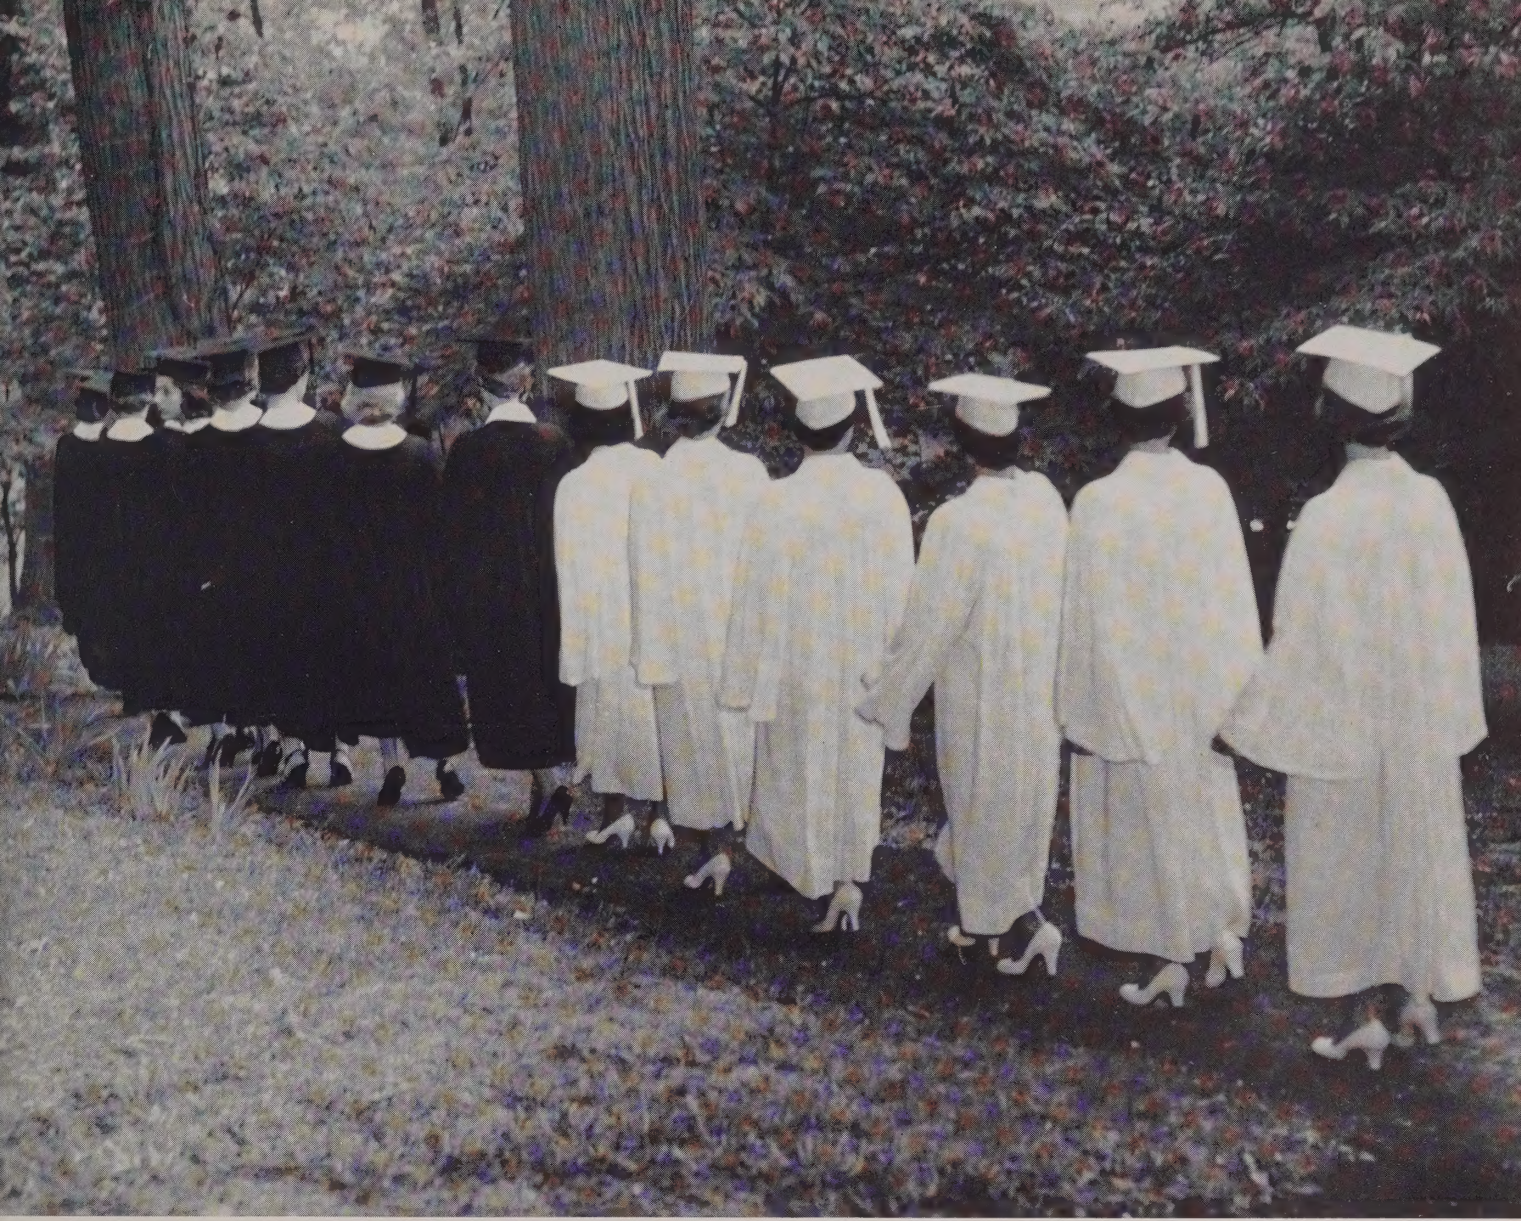
UNITED NATIONS

May Day was a day of splendor and beauty, and a day of sudden sadness, too, for only one day remained before graduation.

It's our Graduation Ball.

Senior officers cap the Juniors at Daisy Chain.

Everybody's invited to the smorgasbord on Commencement Day.



Suddenly we knew the meaning of graduation. The mixed emotions of jubilation and sadness were in every face, and good-byes were very difficult. With lingering hearts, we descended the plateau in our lives that we knew as Sullins. Prideful, painful — graduation.

So the chapter closes, but the volume of our years will number it an important one. It contained adjustment to different roles, acceptance of new ideas, and recognition of greater things to come. The volume of our lives will often quote Sullins, though now the chapter is sealed but to memory.
